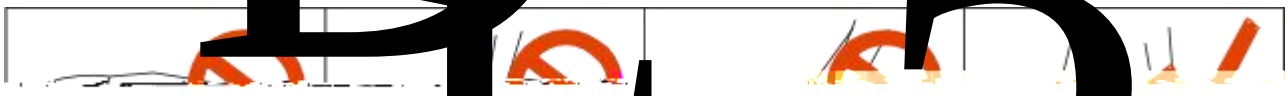
Class	Test item	Testing environment

XINGLIGHT®

使用注意事项（3）

Precautions (3)


When handling the product, touching the encapsulant with hands will not only contaminate its surface, but also affect on its optical characteristics. Excessive force to the encapsulant might result in catastrophic failure of the LEDs due to die breakage or wire deformation. For this reason, please do not put excessive stress on LEDs, especially when the LEDs are heated such as during Reflow Soldering.
